

## Tax Season Begins!

2023/2024 Tax Season is here and begins January 22, 2024. We are excited and ready to serve you, our community.

LABC is excited to have increased our tax sites to 15 fixed sites. We will be serving more tax clients with several mobile sites. Go to **LABCservices.org** for all tax site schedules and locations.

It is also exciting to have a good number of greeters now certifying as tax preparers. We are now using QR codes for client surveys to help us with data collection. Please encourage clients to use them at your site instead of the paper version if possible.

Please invite tax clients to like our social media pages. All that is left to say is, "Let's do taxes!"
